Experience

Full Time Experience
Starting Sept 2015 - present (4+ years)

Senior Software Engineer / Scrum Master

OneView Commerce | Boston, MA | July 2019 - present

- Part of team to write new “headless” Point of Sale software from scratch using Typescript, React, Redux, AWS serverless design with lambdas, Cordova, and Electron
- Played dual roles as a scrum master and developer for a year, turned into a coach for a full time scrum master
- Developed a hiring process to scale from 1 to 3 teams
- Review and conduct coding interviews

Software Developer

OneView Commerce | Boston, MA | Sept 2015 - July 2019 (3 years, 10 months)

- Built a standalone Promotion Engine, using the MEAN stack, for clients to set up discount rules on items
- Integrated Promotion Engine into company’s legacy Point of Sale software

Technology Intern

Allen & Gerritsen | Boston, MA | June 2014 - December 2014 (6 months)

- Developed basic HTML and CSS for the internal employee website

IT Intern

Covidien Ltd. | Mansfield, MA | June - August 2012, 2013 (6 months)

- Set up new hires machines and worked as internal IT support

Interests

Music Producer

Logic Studio | 2014-present
